Semester Winding Down; Summer on the Horizon

It's hard to believe, but the spring semester is coming to a close here at Fresno State. All in all, it's been a pretty good year for Jennifer and me. Usually it takes a year or more to really establish a personal ministry. For Jen and me, we've definitely been busy trying to establish our ministry here.

This summer, 8 students from Fresno State are participating in short term ministry projects both here in the U.S. and abroad. **Pray that these projects would cause them to grow in their faith and sharpen their ministry skills.**

As for Jennifer and me, we'll be in Colorado for the summer. We're planning on taking some Bible classes before attending our national staff conference. Taking classes will be a nice change of pace for us. In addition,

we feel like we will be getting some valuable Biblical input, which is great for us since we spend most of our time giving out to students. In a sense, we feel like we'll be getting recharged. Please begin to pray now for our time this summer. **Pray that the Lord will begin to prepare us for everything that He wants to teach us.**

Please pray for us as the semester winds down.

Pray that we would make the most of our remaining time on campus.

Thanks so much for your friendship and your partnership with us! We love you and appreciate you!
